**Uniting**

# If you're having difficulty understanding your NDIS plan we can help you.

Our Support Coordination services can help you bring together the different sections of your plan so you can unlock its full potential.

This brochure aims to help you decide if Uniting is the best support coordinator for you.

## **Benefits of Support Coordination**

Support Coordination is an NDIS funded service that helps take the confusion out of NDIS plans. With the help of a support coordinator, you'll have a better understanding of your NDIS plan and the services that are available to you.

With the help of a support coordinator, you can make the most from your NDIS plan and your goals, whatever they may be. We also monitor your progress and connect you to the people and support you need to live the life you choose.

## **Uniting's Support Coordination**

We provide a Support Coordination program as part of our disability services. Our service focuses on coordinating your network of supports, helps you plan for the future and helps you deal with anything unexpected along the way. If you are experiencing issues with your support, we can help you resolve them, so everything works well as you work toward your NDIS plan goals.

As expert NDIS Support Coordination providers, we can set you up with the tools to coordinate services yourself. Even if that means you need us less.

## About Uniting

Uniting has stood with local communities in Victoria and Tasmania for more than 100 years, delivering services to people of all ages.

We work in solidarity with Aboriginal and Torres Strait Islander people as Australia's First Peoples and as the traditional owners and custodians of this land.

We celebrate diversity and value the lived experience of people of every ethnicity, faith, age, disability, culture, language, gender identity, sex and sexual orientation. We welcome lesbian, gay, bisexual, transgender, gender diverse and non-binary, intersex and queer (LGBTIQ+) people at our services. We pledge to provide inclusive and non-discriminatory services.
