<b>Title</b>	Network Coordinator
<b>Business Unit</b>	Information Communication Technology   Quality & Compliance
<b>Location</b>	Melbourne CBD
<b>Employment type</b>	Full time   Ongoing
<b>Reports to</b>	Infrastructure Manager

### About Uniting

Uniting Vic.Tas is the community services organisation of the Uniting Church. We've been supporting people and families for over 100 years. We work alongside people of all ages in local communities in Victoria and Tasmania. Our services reach to Albury-Wodonga in the north, Mallacoota in East Gippsland, the Wimmera region in the west, and across Tasmania.

We empower children, young people and families to learn and thrive. We're there for people experiencing homelessness, drug and alcohol addiction or mental illness. We support people with disability to live the life they choose. We assist older people to maintain their independence and enjoy life. We provide opportunities to access training and meaningful employment. We're proud to welcome and support asylum seekers to our community. We work to empower people with the information, skills and tools they need to live a healthy, happy life.

As an organisation, we work in solidarity with Aboriginal and Torres Strait Islander people as Australia's First Peoples and as the traditional owners and custodians of this land.

We celebrate diversity and value the lived experience of people of every ethnicity, faith, age, disability, culture, language, gender identity, sex and sexual orientation. We welcome lesbian, gay, bisexual, transgender, gender diverse and non-binary, intersex, and queer (LGBTIQ+) people at our services. We pledge to provide inclusive and non-discriminatory services.

**Our purpose:** To inspire people, enliven communities and confront injustice

**Our values:** We are imaginative, respectful, compassionate, and bold

### 1. Position purpose

This position will work closely with the Infrastructure Manager to ensure that there is appropriate and relevant technology strategies, planning, implementation, and operations to meet the Wide Area and Local Area (WAN/LAN) needs of Uniting.

The Network Coordinator ensures that there is recognition of the role of innovation, best practice, and quality, in concert with functionality and resilience, to deliver effective digital communications. The role is expected to ensure that the networking solutions implemented by Uniting effectively underpin the Uniting service delivery by facilitating staff productivity and assist clients engage with the required service.

The position provides in-depth technical skills and experience to assist in the configuration, monitoring and management of WANs and LANs and ensures any issues or risks are identified and escalated to the Infrastructure Manager.
